PHP > SELECT Query with PHP (Part II)   ▾

```php
18  <body>
19      <div class="container">
20          <?php while($row = mysqli_fetch_array($select_query_result)){ ?>
21          <div class="row">
22              <div class="col-lg-12"><h4>User</h4></div>
23          </div>
24          <div class="row">
25              <div class="col-xs-2">ID</div>
26              <div class="col-xs-10"><?php echo $row['id']; ?></div>
27          </div>
28          <div class="row">
29              <div class="col-xs-2">Email</div>
30              <div class="col-xs-10"><?php echo $row['email']; ?></div>
31          </div>
32          <div class="row">
33              <div class="col-xs-2">First Name</div>
34              <div class="col-xs-10"><?php echo $row['first_name']; ?></div>
35          </div>
36          <hr/>
37          <?php } ?>
38      </div>
```
